REPORT CARD FY2021

THE PANDEMIC CHANGED THE WORLD. OUR MISSION REMAINED THE SAME.

Huntington Museum of Art (HMA) serves the public as a museum and cultural center and in the greater community acts as a presence and advocate for the areas of art, education and nature. HMA's mission is furthered by its four commitments: to acquire and display objects of art, provide excellence in education and arts experiences, maintain a plant conservatory and nature trails, and expand its service population.

ART

42 new acquisitions
2,243 works of art displayed
1,867 artists featured

4 permanent exhibits maintained
20 temporary exhibits presented
2,185 online database searches

NATURE

Despite shutdowns, power outages, ice storms, and downed trees, HMA successfully maintained the

C. Fred Edwards Conservatory, the only tropical/subtropical conservatory in the state of West Virginia and home to over **250 species** of plants and animals in our living collection.

Our **Nature Trails**, which are recognized as part of the United States National Park Service National Trails System, includes the **Teubert Sensory Trail**, which provides access to nature for people who are blind or low-sighted and people who use wheelchairs or have other mobility issues.
